| **(product may vary in appearance depending on suppliers) | |
| Product Description | Faba bean (<i>Vicia faba</i> L.) is a legume crop grown primarily for its edible seeds (beans). Faba bean is a major legume seed consumed by humans worldwide. The seeds of some varieties are an important livestock feed |
| Specification* | <ul style="list-style-type: none"> • Moisture ~8-15% • Protein ~20-26% • Fibre ~ 5-10% <p style="text-align: right;">(*Values are not contractual)</p> |
| General Use | Feedstuff for all animal classes |
| Packaging & Transport | Bulk |
| Labelling | According to EU legislation 767/2009 |
| Storage | Dry, cool and dark storage and aerate regularly. |
| Legal Demands | The products comply with legal requirements & legislation. The most significant elements of which are: <ul style="list-style-type: none"> • Regulation 183/2005 on Feed hygiene. • Regulation 767/2009 on placing on the market and the use of feed. • FEMAS & GMP+ Feed safety Assurance Scheme. |
| Undesirable substances | The maximum determined contents for undesirable substances in feedstuff, such as established in: <ul style="list-style-type: none"> • Directive 2002/32/EG on undesirable substances in animal feed; • GMP+FSA; Appendix 1 (Product standards, including residue standards) • Regulation 396/2005 on maximum residue levels of pesticides in or on food or feed. |
| Specific analysis and standard tolerances | |
| Salmonella | Absent in 25g |
| Appearance | Light green, white or yellow beans |
| Country of origin | UK and EU |
| Health Information | |
| Inhalation | May cause lung congestion if inhaled |
| Ingestion | None – Not harmful if swallowed |
| Eye Contact | In the event of eye contact irrigate with water for at least 15 minutes. Exposure may result in mild irritation. Direct eye contact may result in pain, redness and watering of the eyes. Seek medical attention if symptoms persist. |
| Skin Contact | Dust can cause irritation or sensitivity to skin. Gloves should be worn when handling. |
| Toxicological Information | Not available. |

R7-04A

Product data Sheet Animal Feeds

| | |
|---|---|
| Occupational exposure limits | None available |
| Emergency first aid procedures | |
| Ingestion | Do not induce vomiting. Give person water to drink. If gastro-intestinal symptoms develop seek medical help. |
| Eye Contact | In the event of eye contact irrigate with water for at least 15 minutes. Exposure may result in mild irritation. Seek medical attention if irritation Occurs. |
| Skin Contact | Wash effected area with soap and water. Seek medical attention if irritation develops. |
| Inhalation | Remove person to fresh air. Seek medical attention if symptoms develop. |
| Physical properties | |
| Physical state | Solid |
| Appearance | Light green/yellow |
| Odour | Should not smell musky or Moldy |
| Fire & Explosion hazard | |
| Flash point | >400°C |
| Explosibility | ST 1 |
| Flammability | Catches fire briefly and extinguishes rapidly, Local burning or glowing without spread (BZ-2 and BZ-3) |
| Extinguishing media | Foam, dry chemical, carbon dioxide – flames should be smothered |
| Special firefighting procedures & precautions | |
| Suitable extinguishing agents are dry agent, carbon dioxide and foam. Fire fighters should use self-contained breathing apparatus to avoid exposure to smoke and fumes. Toxic gases such as hydrocarbons and carbon oxides may evolve when heated. | |
| Reactivity | |
| Stability | Stable |
| Hazardous Polymerization | Not known |
| Material to avoid | Strong oxidizing agents, heat sources and moisture. |
| Hazardous decomposition products | Combustion produces CO ² , CO & thick smoke |
| Personal protection / Exposure control | |
| Respiratory Protection | Always ensure the work area has adequate ventilation. In case of dust formation, wear appropriate respiratory protective equipment determined and fitted by an expert. |
| Skin protection | Gloves and overalls should be worn when handling. |
| Eye Protection | Always wear approved safety glasses when working. Full face protective shields can be worn to avoid contact with face. Wash stations should be provided. |
| Footwear | Appropriate footwear as specified by workplace requirements. |
| Environmental Protection | |
| Environmental precautions | Avoid excessive dust emissions |
| Spill or leak precautions | No special precautions. Normal sweeping of small spillages and collection is appropriate. For larger spillages mechanical scooping may be necessary (use only diesel vehicles). |
| Waste disposal | Dispose spilled or contaminated material to landfill. Do not release into drains or other measures. |
| This is for information purposes only and is not contractual | |
